## Meet Our New Trustees

By Laurie Whitman,  
Library Trustee

The Board and staff would like to welcome our new trustees. Each brings a love of the La Grange Park Library to her post, as well as different kinds of experience, expertise, and energy.

Sheryl Cox believes that education and reading form the foundation of America. She feels that the Library is a place where we can educate ourselves, our family, and our friends. The community in which we live allows us to share our experiences with one another. She is looking forward to executing strategies to keep the high standards of our Library intact.

Sheryl's first memory of a library was walking up the beautiful wooden spiral staircase at the Decatur Public Library with her mother.

Her favorite book as a child was *Little Women* by Louisa May Alcott. As an adult she enjoyed Ayn Rand's *Atlas Shrugged*.

Danielle Johnson feels that our Library provides a common meeting place and resources for everyone to enjoy. She feels that the Library does a great job in supporting the community's values of reading and literacy. Danielle is especially interested in issues facing modern libraries, as she plans to attend graduate school for Library and Information Science this fall.

Danielle's first memory of a library is going to morning story time at the La Grange Park Public Library! She loved *Ella Enchanted* by Gail Carson Levine as a child, and

her current favorite is *Till We Have Faces* by C. S. Lewis.

Rachel Rivera brings a wealth of expertise in fine arts, early childhood education, and program development for families and children. She believes that the Library is the cultural heart of La Grange Park. Rachel states that we are lucky to have such a powerful resource for learning in our own backyard.

Libraries have always been a magical place for Rachel; she always came home with as many books as she could hold. Her favorites as a child were *Where the Sidewalk Ends* by Shel Silverstein and *Charlotte's Web* by E. B. White. As an adult, her

It's not just for kids! Anyone 18 and over can enjoy the benefits of our summer reading program. Read three books – that's just one every other week – and it can be any book you'd like. Listening to audiobooks counts, too. We'll have a bibliography of travel stories at the Reference Desk to help guide your reading. Simply fill out a reading log (or use our new online reading logs, available at [lplibrary.org](http://lplibrary.org)) and let us know if you liked your selections. ## Have Book - Will Travel

Monday, June 10 through Friday, July 19

Register beginning Tuesday, May 28

Pack your suitcases and join us in the Children's Department for our summer reading program! Babies through 5<sup>th</sup> graders sign up in the Children's Department, set a goal, and receive a reading log. Come to the Library each week to report your progress and win a different prize from our suitcase. Everyone who reaches their reading goal by July 19 will get a final prize, be entered in our raffle, and receive an invitation to our Summer Party on July 24, featuring the music, comedy, and general mayhem of Grammy-nominated musician Dave Rudolf.

We'll also have weekly contests, surprises, and a full schedule of activities for children, including story times for babies, toddlers, and preschoolers; programs for grade-school kids, including movies and crafts; and our Friday Lunch Bunch. Details will be available in the Children's Department and [lplibrary.org](http://lplibrary.org) in late May.

### Keep Reading All Summer Long

Studies show that increased summer reading reduces summer learning loss. Secretary of Education Arne Duncan stated, "A key step toward stopping the summer slide is the development of high quality programs that take advantage of time outside the school day and year to help children learn, grow, and develop." Such programs, he said, can help children access academic growth and supports, explore and discover their personal interests, and "help them visualize and really understand where they're going next and what it takes to be successful there." We heartily agree! In addition to our summer reading program, we offer other opportunities for kids to keep up their reading skills over the summer:

### Book Buddies

**Sign up by Friday, May 31**

This 6-week program gives beginning readers going into 1st through 3rd grades a chance to practice and improve their skills while reading with an older student. Book Buddies sessions are scheduled during the summer reading program. Time reading together counts toward the reading goals for both participants. Sign up to be paired with a buddy and get ready to read!

### Read to the Dogs

One morning a week, beginning readers can come to the Library to read to one of our specially trained therapy dogs. Each child reads from the book of his or her choice for fifteen minutes, while a furry friend listens.

Registration for our summer activities is always a week in advance. Get more information and sign up at the Children's Desk, online at [lplibrary.org](http://lplibrary.org), or by calling 708-352-0100.

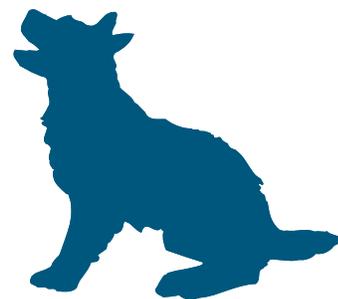

## Planning a Trip this Summer?

Whether you're traveling near or far, send us a postcard from your vacation destination! Or, take along our summer mascot, Stan Flatley, and send us a photo of him wherever you are. When you return home, come to the Children's Department to see your destination on our giant map, and we'll give you a special prize. You can participate in the summer reading program from anywhere in the world by logging into [lplibrary.org](http://lplibrary.org) to report your reading progress. The Children's Services staff will give you the details when you register.

## American Red Cross Babysitting Course

**Mondays and Tuesdays,  
June 10-11, 17-18, 24-25, or  
July 8-9, 1-5 p.m.**

Designed for 11 to 15 year-olds, the Babysitter's Training course teaches infant and child care, leadership and problem-solving skills, safety and emergency management, and business skills. There is a fee for this program. Participants must attend both classes in the same week to be certified. **Register in person at the Children's Desk.**

## Student Volunteers Needed

Need service hours? Like working with little kids? Volunteer in the Children's Department! Students entering 6<sup>th</sup> grade and up can sign up by May 31 to help out with our summer reading program. Work at the Children's Desk, assist with our activities, or do odd jobs for the staff – it's all important work, and we need you! Get more information at the Children's Desk.

Third Tuesday of each month,  
2 p.m.*

Our summer selections are set in Iraq, Texas, Italy, and America's West and Northwest coasts. Books are available one month before meetings. All are welcome to attend.

June 18 *Wild: From Lost to Found on the Pacific Crest Trail* by Cheryl Strayed

At the age of 26, Cheryl Strayed made an impulsive decision to hike the more than 1,000 miles of the unforgiving Pacific Crest Trail, from the Mojave Desert in California to Washington state. Though lacking both experience and training, she decided to undertake this alone, and with time became mentally and physically tougher.

July 16 *Beautiful Ruins* by Jess Walter

This is a novel of movies and long ago love, set in Italy in the 1960s and the contemporary Pacific Northwest. This inventive and witty novel features big dreams, lost love, a hotelier, a starlet, and real life movie star Richard Burton.

August 20 *Billy Lynn's Long Halftime Walk* by Ben Fountain

This darkly comic novel takes place over the course of a single day. Fresh from winning a firefight in Iraq, 19-year-old Billy Lynn, a member of the Army's Bravo Squad, is brought to the U.S. for a PR event at Cowboys Stadium in Dallas.

## Meet Estelle Disselhorst

The Library staff meets many interesting people every day. We thought you'd like to meet them, too!

**How long have you been a patron of the La Grange Park Public Library?**

I have been a patron since June 2010. Before that I lived in Las Vegas for 20 years, where I played on traveling senior women's softball and tennis teams.

**When you're not at the Library, where are we most likely to find you?**

I teach religious education classes to children at church. My first teaching assignment was in Cedar Falls, Iowa, in a little farming community. I have also taught in Hawaii, San Francisco, and Oak Park. In 1999, I was a teacher trainer for the Peace Corps in Przemysl, Poland.

**Do you have any book, movie, or CD recommendations?**

My favorites are all old books. *Miracle at Carville*, by Betty Martin, is an old book that's out of print. It's about a woman who's engaged to be married, and she comes down with leprosy. I do a lot of reading. Once I get into a book, don't bother me. I'm gone for one or two days. I like to read.

**How has the Library enriched your life?**

I think reading enriches your life. I like a lot of nonfiction, and that enriches my life. A lot of time when I'm teaching my religious ed class, it helps me to pass on things that I've read.

When I was in Hawaii, we visited Molokai. Having read that book about leprosy and then being able to visit there, that enriched my life. Visiting places I have read about enriches my life.

### **Pew Study: Parents Value Libraries**

A new national study revealed that 94% of parents of children younger than 18 feel that libraries are very important for their children. That value carries over into those parents' own higher-than-average use of a wide range of library services. The Pew Research Center found that 84 percent of these parents say a major reason they want their children to have access to libraries is that libraries help instill their children's love of reading and books. Another 81 percent say that libraries provide their children with information and resources not available at home.

Library Director Dixie Conkis noted that many of the programs and services offered for children in libraries today are different than what their parents remember from their childhoods, prompting them to see what else has changed. "When parents see that there are ereaders and iPads available for their children to use, they get the idea that maybe they should see what's new for them as well."
