INDEPENDENT AUDITOR'S REPORT

This section includes the opinion of the District's independent auditing firm.

INDEPENDENT AUDITOR'S REPORT

January 3, 2025

Members of the Board of Trustees
La Grange Park Public Library District
La Grange Park, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the La Grange Park Public Library District (the District), Illinois, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the La Grange Park Public Library District, Illinois as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and supplementary pension schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

La Grange Park Public Library District, Illinois
January 3, 2025

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the La Grange Park Public Library District, Illinois' basic financial statements. The other supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**LA GRANGE PARK PUBLIC LIBRARY DISTRICT
LA GRANGE PARK, ILLINOIS**

MANAGEMENT’S DISCUSSION AND ANALYSIS

June 30, 2024

As the management of the La Grange Park Public Library District (the District), we offer readers of the District’s financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the District’s Financial Statements.

This discussion and analysis is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the District’s financial activity, (3) identify changes in the District’s financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

USING THE FINANCIAL SECTION OF THIS ANNUAL REPORT

The District’s financial statements present two kinds of statements, each with a different snapshot of the District’s finances. The focus of the financial statements is on both the District as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government) and enhance the District’s accountability.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District’s finances, in a manner similar to a private-sector business. The focus of the Statement of Net Position presents information on all of the District’s assets and liabilities, with the difference between the two reported as net position. This statement combines and consolidates the governmental fund’s current financial resources (short-term spendable resources) with capital assets and long-term obligations using the accrual basis of accounting and the economic resources measurement focus. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused compensated absences).

(See Independent Auditor’s Report)

**LA GRANGE PARK PUBLIC LIBRARY DISTRICT
LA GRANGE PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS – Continued**

The government-wide financial statements describe functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District reflect the District’s basic services, including materials collections, reference and readers’ services, programming, interlibrary loan and outreach services.

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statements to be more familiar. The focus of the presentation is on major funds rather than fund types. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are in one category: governmental funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the General Fund and Special Reserve Funds, all of which are considered to be “major” funds. Data from the other governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual budget for each of its governmental funds. A budgetary comparison schedule has been provided elsewhere in this report to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

(See Independent Auditor’s Report)

**LA GRANGE PARK PUBLIC LIBRARY DISTRICT
LA GRANGE PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS – Continued**

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information reflecting the District’s progress in funding its expenditures and changes in fund balances.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information.

Financial Analysis of the District as a Whole

In accordance with GASB Statement No. 34, the District has presented comparative information.

GOVERNMENT-WIDE STATEMENTS

Net Position

The following table reflects the condensed Statement of Net Position as of June 30, 2024 and 2023.

LA GRANGE PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS – Continued**

GOVERNMENT-WIDE STATEMENTS – Continued

The District’s combined net position increased from \$4,457,762 to \$5,071,629 during fiscal year 2024. The primary reason for this increase was due to increases in operating grants/contribution, property taxes and investment income for the current fiscal year.

Activities

The following table summarizes the revenues and expenses of the District’s activities for fiscal year 2024 and 2023:

**Table 2
Changes in Net Position**

(See Independent Auditor’s Report)

**LA GRANGE PARK PUBLIC LIBRARY DISTRICT
LA GRANGE PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS – Continued**

There are seven basic impacts on revenues and expenses as reflected below:

Normal Impacts

Revenues

Effect of Tax Cap.

The District annually files a tax levy request with the Office of the Cook County Clerk. The levy represents the amount of revenue the District requests to collect from the property tax. The Clerk’s Office takes the District’s request and calculates the tax rate based on state law. Under current law, the Property Tax Extension Limitation Law (Tax Cap), the District, as well as other taxing bodies which have statutory ceilings, has its levy adjusted using a formula that includes using the CPI and the District’s EAV. This calculation has annually restricted the District from receiving the full amount of its levy.

Changing patterns in intergovernmental and grant revenue (both recurring and non-recurring). Certain recurring revenues (interest income, state per capita grant, etc.) may experience significant changes periodically, while non-recurring or one-time grants are less predictable and often distort their impact on year-to-year comparisons.

Market impacts on investment income. The District’s investment portfolio is managed using a similar average maturity to most other governments. Market conditions may cause investment income to fluctuate. Most funds are invested in Money Market Funds invested in U.S. Government Obligations, and short-term Certificates of Deposit (FDIC Insured), which offer competitive returns, liquidity and safety, requisites of the District’s investment policy.

Expenses

Introduction of new programs: Within functional expense categories, individual programs may be added or deleted in order to meet the changing needs of the District.

Changes in authorized personnel: Changes in service demand may cause the District Board to increase or decrease staffing levels. Personnel costs represent the District’s most significant operating cost.

Salary increases (annual adjustments and merit): The ability to attract and retain quality personnel requires the District to strive to have competitive salary ranges and pay practices.

Inflation: While overall inflation has been reasonably modest, some of the District’s functions and services may experience unusual commodity specific increases.

(See Independent Auditor’s Report)

**LA GRANGE PARK PUBLIC LIBRARY DISTRICT
LA GRANGE PARK, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS – Continued**

Current Year Impacts

Revenues

For the fiscal year ended June 30, 2024 revenues totaled \$2,923,786. Property taxes, the District's largest single revenue source, amounted to \$2,108,724 or 72.1% of total revenue.

Charges for services, which include fines, photocopies, and charges for lost materials, represent .07% of total income.

The District received \$179,571 in interest during the year from investments. The amounts include items that are for current items and for long term projects.

Expenses

The District's expenses were \$2,309,919 in 2024. The expense figure includes 80.2% for Personnel Services, 3.5% for Interest on outstanding GO debt, 4.5% for Materials and Electronic resources. Utilities, Supplies, and Building and Equipment Maintenance totals 11.4% also represent notable amounts of the District's expenses.

(See Independent Auditor's Report)

**LA GRANGE PARK PUBLIC LIBRARY DISTRICT
 LA GRANGE PARK, ILLINOIS
 MANAGEMENT’S DISCUSSION AND ANALYSIS – Continued**

FINANCIAL ANALYSIS OF THE DISTRICT’S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. As of June 30, 2024, the governmental funds had a combined fund balance of \$2,589,259 representing a decrease of \$4,425,086. This decrease was a large capital project that was started but not completed during the year where financing was obtained in prior years.

**Table 3
 General Fund Budgetary Highlights
 For the Fiscal Year Ended June 30, 2024**

	<u>Budget</u>	<u>Actual</u>
Revenues		
Property Taxes	\$ 1,757,000	1,913,542
Replacement Taxes	20,000	17,039
Fines and Fees	1,850	2,000
Grants	20,000	19,924
Donations	4,500	20,500
Investment Income	10,000	100,381
Miscellaneous	6,400	2,028

MANAGEMENT’S DISCUSSION AND ANALYSIS – Continued**

Capital Assets

The following schedule reflects the District’s capital asset balances as of June 30, 2024:

**Table 4
Capital Assets
As of June 30, 2024**

	<u>Capital Assets - Net of Depreciation</u>	
	<u>2024</u>	<u>2023</u>
Land	\$ 436,500	436,500
Construction in Progress	5,548,395	135,743
Building and Improvements	836,625	1,481,833
Furniture and Equipment	61,346	92,108
Library Materials	144,984	169,087
	<hr/>	
Total	<u>7,027,850</u>	<u>2,315,271</u>

At year-end, the District’s investment in capital assets (net accumulated depreciation) for its governmental-type activities was \$7,027,850. The District invested \$5,412,652 in construction in progress and \$34,626 in library materials in the current year and had depreciation expense in the amount of \$182,787. See Note 3 for further information regarding capital assets.

(See Independent Auditor’s Report)

**LA GRANGE PARK PUBLIC LIBRARY DISTRICT
LA GRANGE PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS – Continued**

Long-Term Debt

The District has GO Bonds outstanding totaling \$3,470,000 as of June 30, 2024. The District paid \$185,000 towards outstanding debt during the year. See Note 3 for more information regarding long-term debt.

Economic Factors

The District is subject to the property tax caps in accordance with state statutes. With these tax caps in place, the District is limited to the amount of increase they are able to obtain with its tax levy. In addition, the District is subject to tax rate objections and property assessment objections. These objections can erode the collections of the District with no recourse for collections.

CONTACTING THE DISTRICT’S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the District’s finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Executive Director, La Grange Park Public Library District, 555 N. La Grange Road, La Grange Park, Illinois 60526.

(See Independent Auditor’s Report)

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

For the Fiscal Year Ended June 30, 2024

Net Change in Fund Balances \$ (4,425,086)

Amounts reported in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	5,447,278
Depreciation Expense	(182,787)
Disposals - Cost	(2,304,342)
Disposals - Accumulated Depreciation	1,752,430

The net effect of deferred outflows (inflows) of resources related
to the pensions not reported in the funds.

Change in Deferred Items - IMRF	(26,448)
---------------------------------	----------

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Change in Compensated Absences Payable	1,177
Change in Net Pension Liability - IMRF	127,121
Retirement of Debt	185,000
Amortization of Bond Premium	38,907

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

617

Changes in Net Position

613,867

The notes to the financial statements are in integral part of this statement.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The La Grange Park Public Library District (the District) of Illinois was organized to provide cultural and library services to local residents.

The basic financial statements are prepared in accordance with generally accepted accounting principles in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP in the United States for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP in the United States and used by the District are described below.

REPORTING ENTITY

The District is a municipal corporation governed by an elected president and six-member Board of Trustees. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is both legally and substantively separate from the government. Management has determined that there are no fiduciary component units that are required to be included in the financial statements of the District as pension trust funds and there are no discretely component units to include in the reporting entity.

BASIS OF PRESENTATION

Government-Wide and Fund Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). The District only reports governmental activities.

In the government-wide Statement of Net Position, the governmental activities is (a) presented on a consolidated basis, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of the District's functions. The District's activities are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide and Fund Financial Statements – Continued

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures. The District accounts for all of its activities in governmental funds, with the emphasis in the fund financial statements being on the major funds.

Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures of either fund category) for the determination of major funds.

The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It is used to account for all financial resources, except for those required to be accounted for in another fund. The General Fund is a major fund.

Special Revenues Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains two nonmajor special revenue funds.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Special Reserve Fund, a major fund, is used to account for all resources used for the acquisition of capital assets by the District, including general and infrastructure capital assets.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

The District’s funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the “economic resources” measurement focus is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability/deferred inflow is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For the purpose of the Statement of Net Position, cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of purchase.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District has no investments at year-end.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances include property taxes.

Capital Assets

Capital assets purchased or acquired with an original cost of \$2,500 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental fund and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2024**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements	7 - 50 Years
Furniture and Equipment	5 - 30 Years
Software	5 Years
Library Materials	7 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Long-Term Obligations – Continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumption that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2024

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets for funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the General, Special Revenue Funds and Capital Projects Fund. The following procedures are used to establish the budgets:

- The budget is prepared by fund, function and activity and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.
- The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget.
- The budget may be amended by the governing body. The budget was not amended during the fiscal year.
- Expenditures may not legally exceed the budgeted appropriations at the fund level. All appropriations lapse at fiscal year-end.
- The columns labeled as budget presented in these financial statements is the working budget.

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments."

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services.

Deposits. At year-end, the carrying amount of the District's deposits totaled \$3,966,201 and the bank balances totaled \$3,986,754.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the District limits its exposure to interest rate risk by diversifying its investment portfolio to the best of its ability based on the nature of the funds invested and the cash flow needs of those funds.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2024

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Interest Rate Risk – Continued. A variety of financial instruments and maturities, properly balanced, will help to ensure liquidity and reduce risk or interest rate volatility and loss of principal. Diversifying investments and maturities will avoid incurring unreasonable risks in the investment portfolio regarding specific security types, issuers or individual financial institutions. The District’s investment policy states that all funds will be placed in investments or kept in interest bearing deposit accounts.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District limits its exposure to credit risk, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly guaranteed by the United States Government and Illinois Funds. The District's investment policy states that investments will primarily consist of: Certificate of Deposits, Treasury Bills and other securities guaranteed by the U.S. Government, and any other investment allowed under State law that satisfy the investment objectives of the District.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. The District’s investment policy states funds on deposit in excess of FDIC limits must be secure by some form of collateral, witnessed by written agreement and held at an independent-third party institution in the name of the District. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District’s investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investment held by a third-party acting as the District’s agent separate from where the investment was purchased.

Concentration of Credit Risk. This is the risk of loss attributed to the magnitude of the District’s investment in a single issuer. The District’s investment policy states investments shall be diversified in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the “prudent person” standard for managing the overall portfolio. The primary objective of the policy is safety of principal, liquidity, yield and maintaining the public trust. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

PROPERTY TAXES

Property taxes for the 2023 levy attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are collected in two installments in March and September. The County collects such taxes and remits them periodically.

CAPITAL ASSETS

Capital asset activity for the year was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Nondepreciable Capital Assets				
Land	\$ 436,500	-	-	436,500
Construction in Progress	135,743	5,412,652	-	5,548,395
	<u>572,243</u>	<u>5,412,652</u>	<u>-</u>	<u>5,984,895</u>
Depreciable Capital Assets

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides, "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 2.875% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Assessed Valuation - 2023	<u>\$ 522,617,581</u>
Legal Debt Limit - 2.875% of Assessed Value	15,025,255
Amount of Debt Applicable to Limit	<u>-</u>
Legal Debt Margin	<u>15,025,255</u>

FUND BALANCE CLASSIFICATIONS

In the governmental fund financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

LA GRANGE PARK PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2024**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCE CLASSIFICATIONS – Continued

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees’ intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The District’s highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District policy manual states that the General Fund should maintain a minimum fund balance equal to 25% of operating expenditures.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	<u>Capital Projects</u> Special Reserve	Nonmajor	Totals
Restricted				
Property Tax Levies				
Social Security	\$ -	-	31,520	31,520
Illinois Municipal Retirement	-	-	101,015	101,015
	-	-	132,535	132,535
Committed - Capital Projects	-	605,317	-	605,317
Unassigned	1,851,407	-	-	1,851,407
Total Fund Balances	1,851,407	605,317	132,535	2,589,259

NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of June 30, 2024:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 7,027,850
Less Capital Related Debt:	
General Obligation Limited Tax Refunding	
ARS Bonds of 2021	(3,470,000)
Unamortized Bond Premium	<u>(505,785)</u>
Net Investment in Capital Assets	<u><u>3,052,065</u></u>

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; injuries to the employees; and illnesses of employees. These risks are covered by commercial insurance purchased from independent third parties. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

CONTINGENT LIABILITIES

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Notes to the Financial Statements June 30, 2024

NOTE 4 – OTHER INFORMATION – Continued

CONTINGENT LIABILITIES – Continued

Litigation

From time to time, the District is party to various pending claims and legal proceedings with respect to employment, civil rights, property taxes and other matters. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the District attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the District's financial position or results of operations.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to one defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Description

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Description – Continued

Benefits Provided – Continued. Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2023, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	18
Inactive Plan Members Entitled to but not yet Receiving Benefits	13
Active Plan Members	<u>16</u>
Total	<u><u>47</u></u>

Contributions. As set by statute, the District’s Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year ended June 30 2024, the District’s contribution was 12.49% of covered payroll.

Net Pension Liability. The District’s net pension liability was measured as of December 31, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2023, using the following actuarial methods and assumptions:

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Description – Continued

Actuarial Assumptions – Continued. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	24.50%	4.75%
Domestic Equities	34.50%	5.00%
International Equities	18.00%	6.35%
Real Estate	10.50%	6.30%
Blended	11.50%	6.05% - 8.65%
Cash and Cash Equivalents	1.00%	3.80%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2024, the District recognized pension revenue of \$593. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Total
Difference Between Expected and Actual Experience	\$ 137,834	-	137,834
Change in Assumptions	-	(8,509)	(8,509)
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	201,249	-	201,249
Total Pension Expense to be Recognized in Future Periods	339,083	(8,509)	330,574
Pension Contributions Made Subsequent to the Measurement Date	50,859	-	50,859
Total Deferred Amounts Related to IMRF	389,942	(8,509)	381,433

\$50,859 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2025.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – Continued

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Fiscal Year	Net Deferred Outflows/(Inflows) of Resources
2025	\$ 71,455
2026	106,755
2027	176,483
2028	(24,119)
2029	-
Thereafter	-
Total	<u>330,574</u>

OTHER POST-EMPLOYMENT BENEFITS

The District has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. However, there is minimal participation. As the District provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. Therefore, the District has not recorded a liability as of June 30, 2024.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – Major Governmental Funds
- Combining Statements – Nonmajor Governmental Funds
- Budgetary Comparison Schedules – Nonmajor Governmental Funds

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources, except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Social Security Fund

The Social Security Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for payment of the employer's portion of Federal Social Security and Medicare taxes.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund is used to account for the District's participation in the Illinois Municipal Retirement Fund. Financing is provided by a specific annual property tax levy which produces a sufficient amount to pay the District's contributions to the fund on behalf of its employees.

CAPITAL PROJECTS FUND

The Capital Projects Funds are used to account for all resources used for the acquisition of capital facilities and equipment.

Special Reserve Fund

The Special Reserve Fund is used to account for all resources used for the acquisition of capital assets by the District, including general and infrastructure capital assets.
